

# MAHDIEH MOVAHEDI

## Product Designer

I'm a software engineer with a focus on product design, blending creativity and technical skills to craft user-friendly apps. I'm dedicated, adaptable, and thrive in collaborative environments. My goal is to design solutions that not only enhance user experiences but also drive meaningful results for businesses.

### EXPERIENCE

#### Head of Product Design at TenzuMusic

Mar 2023 - Present

Led the development of multiple products, enhancing customer experiences and optimizing internal corporate tools.

#### UI/UX Designer at Saba Tamin

Jul 2022 - Nov 2023

Established a Design System for company-wide projects and contributed to various stock market applications.

#### Product Designer at TechTack Team

May 2022 - Nov 2022

Created a responsive landing page that effectively communicated the team's services and expertise.

#### Product Designer at Ramzinex

Apr 2022 - Sep 2022

Conducted market research on NFT platforms, designing a multi-language, responsive interface for Ethereum blockchain users.

#### Product Designer at ArashWeb

Oct 2021 - Mar 2022

Designed a London-based car rental web app and collaborated on an online mobile game project, alongside designing the company website and project calculator.

#### Freelancer

Dec 2020 - present

Various freelance and passion projects, designing user interfaces for mobile and web apps.

### EDUCATION

#### Computer Science at SRTTU Tehran

Mar 2019 - Jun 2023

#### Product-led at Pendo.io

May 2024

#### Product Design at Rahnama College

Aug 2021 - Nov 2021

#### UX Design at Rahnama College

Aug 2021
